Company Profile

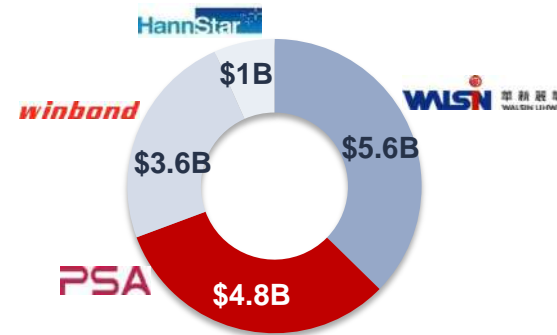

Aldinet₁

February 2023

Walsin Lihwa Group

2021 Walsin Lihwa Group Revenue US\$15 Billion

- 14 Listed Companies in TWSE
- Market Cap \$19.3B (2021/12/31)
- Top 20 Group in TWSE

Walsin Lihwa

- Material Cable
- 2021 Revenue \$5.6B
- EST 1966

Winbond

- Semiconductor
- 2021 Revenue \$3.6B
- EST 1987

HannStar®

- TFT LCD
- 2021 Revenue \$1B
- EST 1998

PSA Group

- Passive Components & PCB
- 2021 Revenue \$4.85B
- EST 1992

Joyin Factories

CHINA

上海 ShangHai

GuanZhou, CHINA
(WTC factory end 2021)
Product: MOV

DongGuan, CHINA
Since 1996
Product: MOV, NTC, NTC Sensor

香港
Hong Kong

台灣
TAIWAN

ChungLi, TAIWAN
Since 2022
Product: SMD NTC, MLV

HQ YangMei, TAIWAN
Since 1984
Product: Disc (MOV, NTC)
NTC Sensors & Specialty

Factories Outline

YM / Taiwan
(since 1984)

USD 28.1M Reg. Cap.

10,420 M²

180 employees

CLI / Taiwan
(start Jan.2022)

5,842 M²

40 employees

DG/ China
(since 1996)

USD 6.96M Reg. Cap.

12,194 M²

330 employees

GZ, China
(start Dec. 2021)

Share WTC GZ facility

- 1993** Awarded MOV (JVR series) Certificate by UL / CSA
- 1996** Awarded NTC Power Thermistor (JNR series) Certificate by UL
- 1997** **ISO 9001 & IECQ Certificated**
- 2001** **ISO 14001 Certificated**
- 2002** Awarded MOV (JVR series) Certificate by China CQC
- 2007** **SONY Green Partner & TS16949 Certificate Awarded**
- 2010** Awarded NTC Sensor (JSR series) Certificate by UL and mass production
- 2014** Awarded 125 °C MOV (JVT series) Certificate by UL / VDE
- 2014** Awarded NTC SMD (JSN series) Certificate by UL
- 2016** Awarded NTC Power Thermistor 25 \emptyset (JNR) Certificate by UL / TUV
- 2017** Awarded 125 °C Ultra Surge MOV (JVT U series) Certificate by UL / VDE / CQC
- 2018** **YM (Taiwan) plant awarded IATF16949 Certification**
- 2019** Awarded 105 °C MOV (JVZ series) & Ultra Surge low voltage MOV Certificate by UL / VDE / CQC
- 2023** **ISO 45001 & QC080000 Certificated (TW plants)**

Piezoelectric Ceramics Application

Piezoelectric Ceramic JZP series - Disc & Ring

Dimension : $\text{Ø}5\sim 50\text{mm}$ upon request
Frequency : 44KHz ~ 5MHz

Dimension :
OD : $\text{Ø}10\sim 38\text{ mm}$ upon request
ID : $\text{Ø}5\sim 15\text{ mm}$ upon request
T : 0.7~6.3 mm
Frequency : 35~148 KHz

Piezoelectric Ceramic JZL series - Plate

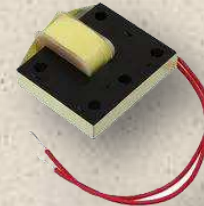

Dimension :
L : 4 ~ 120 mm
W : 1 ~ 20 mm
T : 0.2 ~ 3 mm
Frequency :
25KHz ~ 10MHz

Application:

Electromechanical conversion

e.g. Sonar
Actuator
Flow meter
Ultrasonic transducer
Ultrasonic imaging probe
Fuel Engine knock sensor

Piezoelectric Devices Application

Piezoelectric Transformer JZE series

Features:

- Nonflammable
- Without EMI
- High voltage step up ration (5~80)
- Failure mode - open circuit
- High efficiency (>90%)
- Slim (<4mm)

Application:

- Ionizer
- Static eliminator
- Ozone generator

Ultrasonic Sensor

Features:

- Dimension : \varnothing 10mm, \varnothing 15mm
- Frequency : 60KHz, 40KHz
- Transmitting, receiving, dual mode

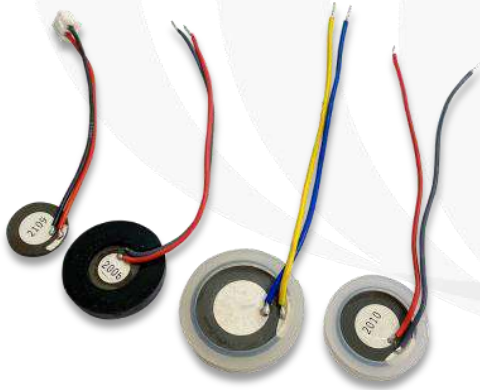

Application:

- Parking sensor for automobile
- ADAS
- Distance measurement
- Security sensor
- Counter

Piezoelectric Devices Application

Ultrasonic Transducer

Features:

- high frequency nebulization
- Mist generated by high frequency vibration of piezo disc acting on water solution (1.6~2.8MHz),higher frequency finer mist particle , e.g. 2.5MHz / 5 μ m
- Negative ion due to high frequency vibration
- Protective layer on piezo disc–stainless foil 、Teflon 、glaze

Application:

Humidifier
Medical inhaler
Aromatherapy nebulizer
